

W57R

Yealink Ruggedized DECT Handset

Yealink W57R, certified to rigorous IP54 standard, is a professional ruggedized DECT handset with an integrated vibration alarm that is pretty eligible for the environment where there may be dusty, humid, and harsh. W57R combines the advantages of wireless communication and the rich features of a Voice-over-IP phone. It is fully compatible with Yealink W80/W90 Multi-Cell System for seamless roaming and handover features. It provides you with the convenience and good experience of mobile communication in and between each zone and keeps it stable in complicated and harsh locations. W57R cushions the occasional fall and can easily withstand falls of up to 3.5 meters. This makes the W57R the perfect companion in the office, warehouse or outdoor premises. As a rugged and durable handset, W57R has also been developed with Yealink optimal HD audio quality that combines multiple leading technologies, including FNR (Flexible Noise Reduction), full duplex. This means users can get a stable and high-quality audio experience even if the environment is full of noise or wireless interference.

Key Features and Benefits

- Rugged DECT handset with IP54 protection rating
- Scratch resistant, disinfectant resistant
- 1.8' ' 128 x 160 TFT color screen with intuitive user interface
- HD audio and Flexible Noise Reduction (FNR)
- Vibration alarm
- Up to 40-hour talking time
- Up to 575-hour standby time
- Keypad backlight and keypad lock
- Fully compatible with Yealink W80/W90 Multi-Cell System for seamless roaming and handover

Shock, dust and water proof

Yealink W57R is a well-rounded companion with its certified Ingress Protection rating of 54 (IP54), which can be entirely relied on in a challenging environment. It resists dust, splash and water, and its tough rubberized surface protects the handset from falling, slipping and scratching. Thus, W57R can secure itself from a fall of up to 3.5 meters, water splashing in any direction, and all the dust ingress.

Freely mobile communication

Fully compatible with Yealink W70B Single-Cell base and W80/W90 Multi-Cell System, W57R supports seamless roaming and handover features. Meanwhile, the vibration alarm prevents you from missing calls in a noisy and stressful environment. In short, W57R is a major contributor to realizing true mobile communication.

DECT technology

Yealink DECT technology focuses on high-quality Audio VoIP (wideband) and bit-rate data applications. However, we are incompatible with third-party DECT devices (base station, handset, etc.).
